## Out of Control!

Get ready for the most absurd, I did not plan this  
(It is a silence ... Do you feel it?), I cry at the cemetery  
Gravestones ... hopes; (consumes you in suspense)  
(The piano is broken), why? There's the mystery.

What do the dark swallows come? I will not lie  
(...They come to claim revenge...) sacrilegious mission, it could be worse!  
(Patience, modesty, and piety...Where Do I left them.  
Can birds fly without falling? ... We never felt better!

Sunset parties have broken and we darken  
The fall of rotten branches and rivers are the ground frost  
... I call to what is left of you ... (Are we committed?)  
... (Where you sad), I was reborn ... There's the force.
